## **Independent Auditor's Report**

Honorable Mayor and Members of the City Council  
City of Hemphill, Texas

### **Report on the Audit of the Financial Statements**

#### ***Opinions***

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Hemphill, Texas (City), as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City, as of June 30, 2023, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### ***Basis for Opinions***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

## **Independent Auditor's Report**

Honorable Mayor and Members of City Council

Page 2

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

1. Exercise professional judgment and maintain professional skepticism throughout the audit.
2. Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
3. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, no such opinion is expressed.
4. Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
5. Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis (pages 4-11), budgetary comparison information (page 40), and the TMRS pension and other post-employment benefits (OPEB) schedules (pages 41-50) be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

## **Independent Auditor's Report**

Honorable Mayor and Members of City Council  
Page 3

### ***Supplementary Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The accompanying other schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the other schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

### ***Other Information***

Management is responsible for the other information included in the annual report. The other information comprises the statistical schedules sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

### ***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated December 13, 2023, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering City's internal control over financial reporting and compliance.

## MANAGEMENT'S DISCUSSION AND ANALYSIS

This section of the City of Hemphill, Texas annual financial report presents our narrative discussion and analysis of the City's financial activities for the year ended June 30, 2023. Please read it in conjunction with the City's financial statements, which immediately follow this section.

### Financial Highlights

- ▶ The City's total net position was \$5,922,813 as of June 30, 2023. Of this amount, \$1,733,207 (unrestricted) may be used to meet the City's continuing obligations to citizens, customers and creditors.
- ▶ During the year ended June 30, 2023, the City's net position increased by \$181,721 from operations.
- ▶ At the end of the current fiscal year, unassigned fund balance for the general fund was a deficit balance of \$1,643.

### Overview of the Financial Statements

This annual financial report consists of three parts - **management's discussion and analysis** (this section), the **basic financial statements**, and **required supplementary information**. The basic financial statements include: (1) government-wide financial statements, (2) fund financial statements, and (3) notes to the financial statements. The required supplementary information further explains and supports the information in the financial statements.

### Government-wide Financial Statements

The City's annual financial report includes two government-wide financial statements. These statements provide both long-term and short-term information about the City's finances. Financial reporting at this level uses a perspective similar to that found in the private sector.

The first of these government-wide financial statements is the **Statement of Net Position**. This is the City wide statement of financial position presenting information that includes all of the City's assets, deferred outflows and inflows of resources, and liabilities, with the difference reported as **net position**. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City as a whole is improving or deteriorating. Evaluation of the overall health of the City would extend to other non financial factors such as changes to the City's tax base.

The second government-wide financial statement is the **Statement of Activities**, which reports how the City's net position changed during the current year. All current revenues and expenses are included regardless of when the cash is received or paid.

## MANAGEMENT'S DISCUSSION AND ANALYSIS

Both of the government-wide financial statements distinguish governmental activities of the City that are principally supported by taxes and intergovernmental revenues, from business-type activities that are intended to recover all or a significant portion of their costs through user fees and charges. Governmental activities include general government, public safety, streets, parks and recreation, health and welfare, and sanitation collection. Business-type activities include water and sewer operations, natural gas utilities, and electric services.

### **Fund Financial Statements**

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into two categories: governmental funds and proprietary funds.

**Governmental funds** - Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term cash inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the City's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the City's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and change in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City maintains one individual governmental fund, the general fund, which is considered a major fund. The City adopts an annual budget for its general fund. A budgetary comparison statement has been provided for the general fund to demonstrate compliance with this budget.

**Proprietary funds** - Proprietary funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses an enterprise fund (a type of proprietary fund) to account for its water and sewer operations, natural gas utilities, and electric services.

**Notes to the financial statements** - The accompanying notes to the financial statements provide essential information to a full understanding of the government-wide and fund financial statements.

**Other information** - In addition to the basic financial statements and accompanying notes, this report also presents other supplementary information which includes detail expenditures by fund and department. Supplementary information follows the notes to the financial statements.

## MANAGEMENT'S DISCUSSION AND ANALYSIS

### Government-wide Financial Analysis

**Net Position.** As noted earlier, net position may serve over time as a useful indicator of the City's financial position. The City's net position was \$5,922,813 at the close of the fiscal year.

By far the largest portion of the City's net position (67.09 percent) reflects its investment in capital assets (land, buildings, utility systems, machinery and equipment), less any related debt used to acquire those assets that is still outstanding. The City uses these assets to provide services to the citizens, consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

### The City's Net Position

	Governmental Activities		Business-type Activities		Total	
	2023	2022	2023	2022	2023	2022

## MANAGEMENT'S DISCUSSION AND ANALYSIS

**Governmental Activities.** Governmental activities decreased the City's net position by \$62,539, reducing the overall increase in the City's total net position.

### Expenses and Program Revenues - Governmental Activities

### Revenues by Source - Governmental Activities

## MANAGEMENT'S DISCUSSION AND ANALYSIS

**Business-type Activities.** Business-type activities increased the City's net position by \$244,260, contributing to the overall increase in the City's total net position.

### Expenses and Program Revenues - Business-Type Activities

### Revenues by Source - Business-Type Activities

### Financial Analysis of the City's Funds

**Governmental funds.** The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

## MANAGEMENT DISCUSSION AND ANALYSIS

As of the end of the current fiscal year, the City’s governmental funds reported an ending fund balance of \$214,183, a decrease of \$110,229 from the prior year.

**Proprietary funds.** The City’s proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail. Unrestricted net position of the proprietary fund at the end of the year amounted to \$1,913,000.

### General Fund Budgetary Highlights

During the year, the City monitored it’s budget as its actual results were analyzed. Actual expenditures were \$903,270 below the final budget amounts. The most significant positive variance was in capital outlay, as expenditures were less than anticipated.

Actual revenues were \$717,064 below the final budget amounts. The most significant variance was in contributions and donations, as the city received less contributions and donations than anticipated.

### Capital Asset and Debt Administration

**Capital Assets.** At the end of the current fiscal year, the City’s investment in capital assets for the governmental and business type activities amounted to \$3,973,782 (net of accumulated depreciation). This investment in capital assets included land, buildings, utility system improvements, machinery, equipment, and park facilities.

#### City’s Capital Assets (net of depreciation)

	Governmental Activities		Business-type Activities		Total	
	2023	2022	2023	2022	2023	2022
Land	319,468	319,468	79,523	79,523	398,991	398,991
Buildings & improvements	447,714	424,292	55,611	58,565	503,325	482,857
Utility systems	-	-	2,439,821	2,549,785	2,439,821	2,549,785
Vehicles and equipment	291,444	258,324	136,170	187,915	427,614	446,239
Construction in progress	-	-	204,031	-	204,031	-
Net capital assets	1,058,626	1,002,084	2,915,156	2,875,788	3,973,782	3,877,872

More detailed information about the City’s capital assets is presented in the notes to the financial statements.

## **MANAGEMENT DISCUSSION AND ANALYSIS**

### **Economic Factors and Next Year's Budgets and Rates**

The City considered many factors when setting the fiscal year 2023-2024 budget, including estimated sales tax receipts and fees that will be charged for business-type activities. The City estimates revenues and operating transfers in the General Fund will provide resources to fund the necessary operating expenses of the General Fund. The other ongoing general fund revenue items (charges for services, etc.) should generate similar revenues as the prior year. The City's business-type activities budget reflect increases in utility rates for fiscal year 2023-2024.

Additionally, the City anticipates spending \$669,500 in capital improvements during fiscal year 2023-2024. These include electrical and water system upgrades, including installing smart meters and ground storage tanks using ARP funds, and a new elevated tank using community block grant funds.

If these estimates are realized, the City's budgetary general fund balance and utility reserves are expected to increase by the close of 2024.

### **Request for Information**

This financial report is designed to provide our citizens, taxpayers, customers, investors, and creditors with a general overview of the City of Hemphill's finances and to demonstrate accountability for the money it receives. If you have any questions about this report or need additional financial information contact the City Secretary, P. O. Box 788, Hemphill, Texas, 75948.

**CITY OF HEMPHILL, TEXAS**  
**RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET**  
**TO THE STATEMENT OF NET POSITION**  
**JUNE 30, 2023**

Total fund balances - governmental funds	214,183
Capital assets used in governmental activities are not financial resources, and therefore; are not reported in governmental funds. At the beginning of the year, the cost of these assets was \$3,037,580 and the accumulated depreciation was \$2,035,496. The effect of including beginning balances for capital assets (net of depreciation) in the governmental activities is to increase (decrease) net position.	1,002,084
Capital outlays are expenditures in the fund financial statements, but they should be shown as increases in capital assets in the government-wide financial statements. The net effect of including the current year capital outlays, less current year depreciation is to increase net position.	56,543
Included in the items related to debt is the recognition of the City's proportionate share of the net pension liability required by GASB 68 in the amount of \$220,277, a Deferred Resource Inflow related to TMRS in the amount of \$16,896, and a Deferred Resource Outflow related to TMRS in the amount of \$107,974. This amounted to a decrease in Net Position in the amount of \$129,199.	(129,199)
Included in the items related to debt is the recognition of the City's proportionate share of the net OPEB liability required by GASB 75 in the amount of \$38,565, a Deferred Resource Inflow related to TMRS in the amount of \$13,609, and a Deferred Resource Outflow related to TMRS in the amount of \$3,222. This amounted to a decrease in Net Position in the amount of \$48,952.	<u>(48,952)</u>
Net position of governmental activities	<u><u>1,094,659</u></u>

## CITY OF HEMPHILL, TEXAS

### NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2023

#### SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

**Reporting Entity** - The City of Hemphill, Texas, (City) operates under Section 4, Article XI of the Texas constitution as a general law city. The City is governed by a Mayor and five council members. The accompanying financial statements present the City's primary government which includes all functions which the City's mayor and council exercise significant influence and are financially accountable. Significant influence or accountability is based on any budget adoption, rate setting, taxing authority, outstanding debt secured by the City to finance any deficits that may occur, and receipt of significant subsidies from the City.

**Government-wide and Fund Financial Statements** - The government-wide financial statements include the statement of net position and the statement of activities. These statements report financial information for the City as a whole. Individual funds are not displayed in the government-wide financial statements. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which are normally supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenue. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges provided by a given function and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate fund financial statements are provided for governmental funds and proprietary funds.

**Measurement Focus, Basis of Accounting, and Financial Statement Presentation** - The accounting policies of the City conform to accounting principles generally accepted in the United States of America as applicable to governments. The City's reporting entity applies all relevant Governmental Accounting Standards Board (GASB) pronouncements. The proprietary fund applies Financial Standards Board (FASB) pronouncements and Accounting Principles Board (APB) opinions issued on or before November 30, 1989, unless those pronouncements conflict with or contradict GASB pronouncements, in which GASB prevails.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grants and similar items are recognized as revenue as soon as all eligibility requirements are met.

## CITY OF HEMPHILL, TEXAS

### NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2023

Governmental fund financial statements are reported using the current financial resources measurement focus and modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible with the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, are recorded only when payment is due.

Sales tax, franchise taxes, and interest associated with the current fiscal year are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal year. All other revenue items are considered to be measurable and available only when cash is received by the City.

The City reports the following major governmental funds:

**General Fund** - The General Fund is the general operating fund of the City. It is used to account for all financial resources except for those required to be accounted for in another fund.

The City reports the following major proprietary funds:

**Utility Fund** - accounts for the activities of the City's electric distribution operations, water and sewer services, and natural gas utilities.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the City's utility functions and various other functions of the City. Elimination of these charges would distort the direct cost and program revenues reported for the various functions concerned.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and operations. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

The proprietary fund distinguishes operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with the proprietary fund's principal operations. The principal operating revenues of the Utility Fund are charges to customers for sale and services. The Utility Fund also recognizes as operating revenues tap fees intended to recover the cost of connecting new customers to the system. Operating expenses for the Utility Fund include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

**CITY OF HEMPHILL, TEXAS**

**NOTES TO FINANCIAL STATEMENTS**

**JUNE 30, 2023**

When both restricted and unrestricted resources are available for use, it is the City’s policy to use restricted resources first, then unrestricted resources as they are needed.

**Budget** - Annual appropriated budgets are adopted for the general fund and utility fund. All annual appropriations lapse at fiscal year end. The budget presented includes all approved amendments.

**Deposits and Investments** - The City’s cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition. The City only invests in short term certificates of deposit. Investments are stated at cost, which approximates market.

**Short-term Interfund Receivables/Payables** - During the course of operations, transactions occur between individual funds for advances or for goods provided or services rendered. These receivables and payables are classified as due from other funds or due to other funds on the balance sheet.

**Inventory of Supplies** - Inventory of supplies consist primarily of supplies held for consumption stated at cost, which approximates market. Inventory is expended at the time the individual items are used or consumed.

**Restricted Assets** - Certain resources set aside for repayment of utility fund revenue bonds and tax anticipation notes are classified as restricted assets on the balance sheet, since use is limited by bond covenants or City Council authorization.

**Capital assets** - Capital assets, which include property, utility systems, buildings, vehicles and equipment, are reported in the applicable governmental or business-types activities column in the government-wide financial statements. Capital assets are defined by the City as assets with an initial, individual cost of more than \$2,000 and an estimated useful life in excess of five years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Depreciation is provided on all capital assets used by the general and utility funds over the following estimated useful lives using the straight-line method. The estimated useful lives are:

<u>Assets</u>	<u>Years</u>
Buildings and improvements	10-30
Utility distribution systems	15-30
Vehicles and equipment	3-10
Furniture and equipment	5-10

## CITY OF HEMPHILL, TEXAS

### NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2023

**Deferred Outflows/Inflows of Resources** - In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expense/expenditure) until then.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. The separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until then.

**Net Position and Fund Balance** - Net position in the statement of net position include components that are restricted for debt service and other specific uses. Unreserved fund balance in the governmental fund financial statements represents that portion of fund balance that is available for budgeting in future periods.

**Fund Balance Policy** - The City reports fund balances for governmental funds in classifications based primarily on the extent to which the City is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. The nonspendable classification represents assets that will be consumed or “must be maintained intact” and therefore will never convert to cash, such as inventories of supplies and endowments. Provisions of laws, contracts, and grants specify how fund resources can be used in the restricted classification. The nature of these two classifications precludes a need for a policy from the City Council. However, the City Council has adopted fund balance policies for the three unrestricted classifications-committed, assigned, and unassigned.

The City’s restricted fund balances represents amounts for cemetery expenses and amounts to be spent on technology, security, and sewer improvements.

**Compensated Absences** - The City allows employees to accumulate sick leave and vacation time. Upon termination, the City pays any accumulated vacation that is earned, but not used. Accumulated sick leave is not paid upon termination. Accumulated vacation is accrued, when incurred in the fund financial statements.

**Long-Term Obligations** - In the government-wide financial statements, and proprietary fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities or proprietary fund financial statements. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

**Pensions** - For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the Fiduciary Net Position of the Texas Municipal Retirement System (TMRS) and additions to/deductions from TMRS’s Fiduciary Net Position have been determined on the same basis as they are reported by TMRS.

## CITY OF HEMPHILL, TEXAS

### NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2023

For this purpose, plan contributions are recognized in the period that compensation is reported for the employee, which is when contributions are legally due. Benefit payments and refunds are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

**Other Post-Employment Benefits (OPEB)** - The fiduciary net position of the TMRS Supplemental Death and Disability Plan (SDD) has been determined using the flow of economic resources measurement focus and full accrual basis of accounting. This includes for purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to other post-employment benefits, OPEB expense, and information about assets, liabilities and additions to/deductions from the TMRS SDD Plan's fiduciary net position. Benefit payments are recognized when due and payable in accordance with the benefit terms. There are no investments as this is a pay-as-you-go plan and all cash is held in a cash account.

**Interfund Transactions** - Transactions that constitute reimbursements to a fund for expenditures initially made from it that are properly applicable to another fund, are recorded as expenditures in the reimbursing fund and as reductions of expenditures in the fund that is reimbursed. All other interfund transactions are reported as operating transfers.

**Use of Estimates** - The preparation of financial statements in conformity with generally accepted accounting principles includes the use of estimates that affect the financial statements. Accordingly, actual results could differ from those estimates.

**Statement of Cash Flows** - For the purposes of cash flows, the City considers all highly liquid investments (including restricted assets) with a maturity of three months or less when purchased to be cash equivalents.

**Subsequent Events** - Management has evaluated subsequent events through December 13, 2023, which is the date that these financial statements were available to be issued.

### DEPOSITS AND INVESTMENTS

**Legal and Contractual Provisions Governing Deposits and Investments.** The Public Funds Investment Act (Government Code Chapter 2256) contains specific provisions in the areas of investment practices, management reports, and establishment of appropriate policies. Among other things, it requires the City to adopt, implement, and publicize an investment policy. That policy must address the following areas: (1) safety of principal and liquidity, (2) portfolio diversification, (3) allowable investments, (4) acceptable risk levels, (5) expected rates of return, (6) maximum allowable stated maturity of portfolio investments, (7) maximum average dollar-weighted maturity allowed based on stated maturity date for the portfolio, (8) investment staff quality and capabilities, (9) and bid solicitation preferences for certificates of deposit. Statutes authorize the City to invest in (1) obligations of the U.S. Treasury, certain U.S. agencies, and the State of Texas; (2) certificates of

**CITY OF HEMPHILL, TEXAS**

**NOTES TO FINANCIAL STATEMENTS**

**JUNE 30, 2023**

deposit, (3) certain municipal securities, (4) money market savings accounts, (5) repurchase agreements, (6) bankers acceptances, (7) Mutual Funds, (8) Investment pools, (9) guaranteed investment contracts, and (10) common trust funds. The Act also requires the City to have independent auditors perform test procedures related to investment practices as provided by the Act. The City is in substantial compliance with the requirements of the Act and with local policies.

In compliance with the Public Funds Investment Act, the City has adopted a deposit and investment policy. The policy addresses the following risks:

**Deposits**

**Custodial Credit Risk - Deposits.** In the case of deposits, this is the risk that in the event of a bank failure, the City’s deposits may not be returned to it. The City’s policy regarding types of deposits allowed and collateral requirements is that the funds of the City must be deposited under the terms of a contract, contents of which are set out in the Depository Contract Law. The depository bank places approved pledged securities for safekeeping and trust with the City’s agent bank in an amount sufficient to protect City funds on a day-to-day basis during the period of the contract. The pledge of approved securities is waived only to the extent of the depository bank’s dollar amount of Federal Deposit Insurance Corporation (“FDIC”) insurance. The City’s cash deposits at June 30, 2023 were entirely covered by FDIC insurance or by pledged collateral held by the City’s agent bank in the City’s name.

As of June 30, 2023, the bank balances of the City’s deposits (demand and certificates) were \$2,686,402, and is not exposed to custodial credit risk for its deposits as all are covered by depository insurance or by pledged collateral as of June 30, 2023 as follows:

FDIC Insurance	750,000
Market value of securities pledged	<u>2,050,000</u>
Total coverage	<u><u>2,800,000</u></u>

**Investments**

**Credit Risk.** - This is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The ratings of securities by nationally recognized rating agencies are designed to give an indication of credit risk. The City was not exposed to credit risk at June 30, 2023.

**Custodial Credit Risk.** - Investment securities are exposed to custodial credit risk if the securities are uninsured, are not registered in the name of the government, and are held by either the counterparty or the counterparty’s trust department or agent but not in the name of the City. The City was not exposed to custodial credit risk at June 30, 2023.

## CITY OF HEMPHILL, TEXAS

### NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2023

**Interest Rate Risk.** - This is the risk that changes in interest rates will adversely affect the fair value of an investment. The City's investment policy states that the investment officer should monitor the investment portfolio and keep the Council informed of significant declines in the market value of the City's investment portfolio.

**Concentration of Credit Risk.**- This is the risk of loss attributed to the magnitude of the government's investment in a single issuer. The City was not exposed to concentration of credit risk at June 30, 2023.

**Foreign Currency Risk.** - This is the risk that exchange rates will adversely affect the fair value of an investment. The City was not exposed to foreign currency risk at June 30, 2023.

The City's investments, which are reported as cash and cash equivalents, as of June 30, 2023 are with the depository bank in certificates of deposit in the amount of \$744,265.

**Restricted deposits.** - Resources set aside for repayment of revenue bonds are classified as restricted assets in the statement of net position since their use is limited by bond covenants. At June 30, 2023, the City's governmental activities restricted assets consisted of \$196,397 for FEMA repairs and maintenance expenses related to Hurricane Harvey, \$10,041 for cemetery operations and \$9,388 for other purposes.

#### PROPERTY TAXES

The City did not levy property taxes in October, 2022. An allowance in the amount of \$2,224 is established for the entire balance of delinquent property taxes due to the City.

#### DUE FROM OTHER GOVERNMENTS

Amounts due from other governments as of June 30, 2023 are \$39,497 for sales tax due from the State of Texas.

Natural Gas	2,835
Electric	20,312
Water Plant	<u>99,694</u>
Total depreciation expense - business-type activities	<u><u>310,808</u></u>

**AGREEMENT TO PURCHASE WATER**

On July 1, 2011, the City entered into a long term water supply contract with the Sabine River Authority of Texas (Authority) to purchase raw untreated water. The agreement initially requires the City to take and pay for a minimum of 500,000 gallons per day of untreated raw water. The City will pay the Authority a monthly fee based on the contractual rate for raw water.

**RISK MANAGEMENT**

The City is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City maintains workers' compensation and other risks of loss coverage through the Texas Municipal League Intergovernmental Risk Pool, which is a public entity risk pool. The pool is to be self-sustaining through member premiums and obtains reinsurance through commercial insurance companies for claims in excess of dollar amount. City management believes such coverage is sufficient to preclude any significant uninsured losses to the City. Settled claims did not exceed the commercial coverage during the current fiscal year.

**CITY OF HEMPHILL, TEXAS**  
**NOTES TO FINANCIAL STATEMENTS**

**JUNE 30, 2023**

**COMMITMENTS AND CONTINGENCIES**

Intergovernmental grants received by the City are subject to audit and adjustment by the funding agency or its representatives. If grant revenues are received for expenditures which are subsequently disallowed, the City may be required to repay the revenues to the funding agency. In the opinion of City management, liabilities resulting from such disallowed expenditures, if any, will not be material to the accompanying financial statements as of June 30, 2023.

**INTERFUND TRANSFERS**

During the year ended June 30, 2023, the City had \$129,876 of interfund transfers from the utility fund to the general fund.

**DEFINED BENEFIT PENSION PLAN**

**Plan Description**

The City participates as one of 919 plans in the defined benefit cash balanced pension plan administered by the Texas Municipal Retirement System (TMRS). TMRS is an agency created by the State of Texas and administered in accordance with the TMRS Act, Subtitle G, Title 8, Texas Government Code (the TMRS Act) as an agent multiple-employer retirement system for municipal employees in the State of Texas. The TMRS Act places the general administration and management of the System with a six-member Board of Trustees. Although the Governor, with the advice and consent of the Senate, appoints the Board, TMRS is not fiscally dependent on the State of Texas. TMRS's defined benefit pension plan is a tax-qualified plan under Section 401 (a) of the Internal Revenue Code. TMRS issues a publicly available comprehensive annual financial report (Annual Report) that can be obtained at [www.tmrs.com](http://www.tmrs.com).

All eligible employees of the city are required to participate in TMRS.

**Benefits Provided**

TMRS provides retirement, disability, and death benefits. Benefit provisions are adopted by the governing body of the city, within the options available in the state statutes governing TMRS.

At retirement, the benefit is calculated as if the sum of the employee's contributions, with interest, and the city-financed monetary credits with interest were used to purchase an annuity. Members may choose to receive their retirement benefit in one of seven payment options. Members may also choose to receive a portion of their benefit as a Partial Lump Sum Distribution in an amount equal to 12, 24, or 36 monthly payments, which cannot exceed 75% of the member's deposits and interest.

**CITY OF HEMPHILL, TEXAS**

**NOTES TO FINANCIAL STATEMENTS**

**JUNE 30, 2023**

**Employees Covered by Benefit Terms**

At the December 31, 2022 valuation and measurement date, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefits	19
Inactive employees entitled to but not yet receiving benefits	13
Active employees	<u>22</u>
	54

**Contributions**

The contribution rates for employees in TMRS are either 5%, 6%, or 7% of employee gross earnings, and the city matching percentages are either 100%, 150%, or 200%, both as adopted by the governing body of the city. Under the state law governing TMRS, the contribution rate for each city is determined annually by the actuary, using the Entry Age Normal (EAN) actuarial cost method. The actuarially determined rate is the estimated amount necessary to finance the cost of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability.

Employees for the City were required to contribute 5.0% of their annual gross earnings during the fiscal year. The contribution rates for the City were 7.14% and 7.92% in calendar years 2023 and 2022, respectively. The city's contributions to TMRS's pension plan for the year ended June 30, 2023 was \$90,377, which equated the required contributions.

**Net Pension Asset/Liability**

The city's Net Pension Asset/Liability (NPL) was measured as of December 31, 2022, and the Total Pension Liability (TPL) used to calculate the Net Pension Asset/Liability was determined by an actuarial valuation as of that date.

*Actuarial Assumptions:*

Total Pension Liability in the December 31, 2022 actuarial valuation was determined using the following actuarial assumptions:

Inflation	2.50% per year
Overall Payroll Growth	2.75 % per year, adjusted down for population declines (if any)
Investment Rate of Return	6.75%, net of pension plan investment expense, including inflation

Salary increases are based on a service-related table. Mortality rates for active members are based on the PUB(10) mortality tables with the Public Safety table used for males and the General Employee table used for females. Mortality rates for healthy retirees and beneficiaries are based on the Gender-distinct 2019 Municipal Retirees of Texas mortality tables. The rates for actives, healthy retirees and beneficiaries are projected on a fully generational basis by Scale UMP to account for future mortality

**CITY OF HEMPHILL, TEXAS**

**NOTES TO FINANCIAL STATEMENTS**

**JUNE 30, 2023**

improvements. For disabled annuitants, the same mortality tables for healthy retirees is used with a 4-year set-forward for males and a 3-year set-forward for females. In addition, a 3.5% and 3.0% minimum mortality rate is applied, for males and females respectively, to reflect the impairment for younger members who become disabled. The rates are projected on a fully generational basis by Scale UMP to account for future mortality improvements subject to the floor.

The actuarial assumptions were developed primarily from the actuarial investigation of the experience of TMRS over the four-year period from December 31, 2014 to December 31, 2018. They were adopted in 2019 and first used in the December 31, 2019 actuarial valuation. The post-retirement mortality assumption for Annuity Purchase Rates (APRs) is based on the Mortality Experience Investigation Study covering 2009 through 2011 and dated December 31, 2013. Plan assets are managed on a total return basis with an emphasis on both capital appreciation as well as the production of income in order to satisfy the short-term and long-term funding needs of TMRS.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. In determining their best estimate of a recommended investment return assumption under the various alternative asset allocation portfolios, GRS focused on the area between (1) arithmetic mean (aggressive) without an adjustment for time (conservative) and (2) the geometric mean (conservative) with an adjustment for time (aggressive).

The target allocation and best estimates of real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Long-term Expected Real Rate of Return (Arithmetic)
Global Equity	35.00%	7.70%
Core Fixed Income	6.00%	4.90%
Non-Core Fixed Income	20.00%	8.70%
Real Return	12.00%	8.10%
Real Estate	12.00%	5.80%
Absolute Return	5.00%	6.90%
Private Equity	10.00%	11.80%
Total	100.00%	

**CITY OF HEMPHILL, TEXAS**  
**NOTES TO FINANCIAL STATEMENTS**

**JUNE 30, 2023**

*Discount Rate*

The discount rate used to measure the Total Pension Liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that employee and employer contributions will be made at the rates specified in statute. Based on that assumption, the pension plan's Fiduciary Net Position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the Total Pension Liability.

*Changes in the Net Pension Asset/Liability*

	Increase (Decrease)		
	Total Pension Liability (a)	Plan Fiduciary Net Position (b)	Net Pension (Asset) Liability (a) - (b)
Balance at 12/31/2021	\$3,967,661	\$ 3,854,592	\$ 113,069

<b>Balance at 12/31/2022</b>	<b><u>\$3,973,926</u></b>	<b><u>\$ 3,396,988</u></b>	<b><u>\$ 576,938</u></b>

**CITY OF HEMPHILL, TEXAS**  
**NOTES TO FINANCIAL STATEMENTS**

**JUNE 30, 2023**

*Sensitivity of the net pension asset/liability to changes in the discount rate.*

The following presents the net pension (asset)liability of the City, calculated using the discount rate of 6.75%, as well as what the City’s net pension (asset)liability would be if it were calculated using a discount rate that is 1-percentage-point lower (5.75%) or 1-percentage-point higher (7.75%) than the current rate.

	1% Decrease in Discount Rate (5.75%)	Discount Rate (6.75%)	1% Increase in Discount Rate (7.75%)
City’s Net Pension (Asset)Liability	\$ 984,292	\$ 576,938	\$ 232,240

*Pension Plan Fiduciary Net Position*

Detailed information about the pension plan’s Fiduciary Net Position is available in a separately-issued TMRS financial report. That report may be obtained on the Internet at [www.tmr.com](http://www.tmr.com).

**Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pension**

For the year ended June 30, 2023, the City recognized pension expense of \$91,970.

At June 30, 2023 the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual economic experience	661	43,711
Changes in actuarial assumptions	-	-
Difference between projected and actual investment earnings	237,089	-
Contributions subsequent to measurement date	41,583	-
Total	\$ 279,333	\$ 43,711

The amount of \$41,583 reported as deferred outflows of resources related to pensions resulting from contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability for the year ending June 30, 2023.

**CITY OF HEMPHILL, TEXAS**

**NOTES TO FINANCIAL STATEMENTS**

**JUNE 30, 2023**

Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30,	
2023	(23,625)
2024	45,157
2025	64,063
2026	108,445
Thereafter	<u>-</u>
	<u>194,040</u>

**POST EMPLOYMENT-BENEFIT OTHER THAN PENSIONS (OPEB)**

**Plan description**

Texas Municipal Retirement System ("TMRS") administers a defined benefit group-term life insurance plan known as the Supplemental Death Benefits Fund ("SDBF"). This is a voluntary program in which participating member cities may elect, by ordinance, to provide group-term life insurance coverage for their active members, including or not including retirees. The death benefit for active employees provides a lump-sum payment approximately equal to the employee's annual salary (calculated based on the employee's actual earnings, for the 12-month period preceding the month of death). The death benefit for retirees is considered another post-employment benefit ("OPEB") and is a fixed amount of \$7,500. As the SDBF covers both active and retiree participants, with no segregation of assets, the SDBF is considered to be an unfunded OPEB plan (i.e. no assets are accumulated).

**Benefits provided**

TMRS provides supplemental death benefits for retirees. Benefits are provided through a third-party insurer, and the full cost of the benefits is covered by the plan.

**Employees Covered by Benefit Terms**

At December 31, 2022, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefits	19
Inactive employees entitled to but not yet receiving benefits	2
Active employees	<u>22</u>
	43

**CITY OF HEMPHILL, TEXAS**  
**NOTES TO FINANCIAL STATEMENTS**

**JUNE 30, 2023**

**Contributions**

The contribution rates for employees in TMRS are either 5%, 6%, or 7% of employee gross earnings, and the city matching percentages are either 100%, 150%, or 200%, both as adopted by the governing body of the city. Under the state law governing TMRS, the contribution rate for each city is determined annually by the actuary, using the Entry Age Normal (EAN) actuarial cost method. The actuarially determined rate is the estimated amount necessary to finance the cost of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability.

Employees for the City were required to contribute 5.0% of their annual gross earnings during the fiscal year. The contribution rates for the City was 0.65% and 0.42% in calendar years 2023 and 2022, respectively. The city's contributions to TMRS's SDD plan for the year ended June 30, 2023, was \$6,373, which equated the required contributions.

**Net OPEB Liability**

The City's net OPEB liability was measured as of December 31, 2022, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of that date.

*Actuarial assumptions*

The total OPEB liability in the December 31, 2022 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.50% per year
Overall Payroll Growth	3.50% to 11.50% , including inflation
Discount Rate*	4.05%

*\*The discount rate was based on the Fidelity Index's "20-Year Municipal GO AA Index" rate as of December 31, 2022.*

*Discount rate*

The discount rate used to measure the total OPEB liability was 4.05 percent. The projection of cash flows used to determine the discount rate assumed that City contributions will be made at rates equal to the actuarially determined contribution rates. Based on those assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected OPEB payments for current, active, and inactive employees. Therefore, the long-term expected rate of return on OPEB plan investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

**CITY OF HEMPHILL, TEXAS**  
**NOTES TO FINANCIAL STATEMENTS**

**JUNE 30, 2023**

*Changes in the Net OPEB Asset/Liability*

	Increase (Decrease)		
	Total OPEB Liability (a)	Plan Fiduciary Net Position (b)	Net OPEB (Asset) Liability (a) - (b)

**CITY OF HEMPHILL  
NOTES TO THE REQUIRED SUPPLEMENTARY SCHEDULES  
FOR THE YEAR ENDED JUNE 30, 2023**

**NOTE A: NOTES TO THE PENSION SCHEDULES**

Valuation Date:

Actuarially determined contribution rates are calculated as of December 31 and become effective in January, 13 months later.

Methods and Assumptions Used to Determine Contribution Rates:

Actuarial Cost Method	Entry Age Normal
Amortization Method	Level Percentage of Payroll, Closed
Remaining Amortization Period	N/A
Asset Valuation Method	10 Year smoothed market; 12% soft corridor
Inflation	2.50%
Salary Increases	3.50% to 11.50% including inflation
Investment Rate of Return	6.75%
Retirement Age	Experience based table of rates that are specific to the City's plan of benefits. Last updated for the 2019 valuation pursuant to an experience study of the period 2014 - 2018
Mortality	Post-retirement: 2019 Municipal retirees of Texas Mortality Tables. The rates are projected on a fully generational basis with scale UMP.  Pre-Retirement: PUB(10) mortality tables, with the Public Safety table used for males and the General Employee table used for females. The rates are projected on a fully generational basis with scale UMP.

Other Information:

There were no benefit changes during the year.

**NOTE B: NOTES TO THE OPEB SCHEDULES**

Valuation Date:

Actuarially determined contribution rates are calculated as of December 31 and become effective in January, 13 months later. The actuarial assumptions used in the December 31, 2018 valuation were based on the results of an actuarial experience study for the period December 31, 2010 to December 31, 2014.

Methods and Assumptions Used to Determine Contribution Rates:

Inflation	2.50%
Salary Increases	3.50% to 11.5% including inflation
Discount rate*	4.05%
Retirees' share of benefit-related costs	\$0
Administrative expenses	All administrative expenses are paid through the Pension Trust and accounted for under reporting requirements under GASB Statement No. 68.

**CITY OF HEMPHILL**  
**NOTES TO THE REQUIRED SUPPLEMENTARY SCHEDULES (CONTINUED)**  
**FOR THE YEAR ENDED JUNE 30, 2023**

Mortality rates - service retirees	2019 Municipal Retirees of Texas Mortality Tables. The rates are projected on a fully generational basis with scale UMP.
Mortality rates - disabled retirees	2019 Municipal Retirees of Texas Mortality Tables with a 4 year set-forward for males and a 3 year set-forward for females. In addition, a 3.5% and 3% minimum mortality rate will be applied to reflect the impairment for younger members who become disabled for males and females, respectively. The rates are projected on a fully generational basis by Scale UMP to account for future mortality improvements

Other Information:

The discount rate was based on the Fidelity Index's "20-Year Municipal GO AA Index" rate as of December 31, 2022.

This page left blank intentionally.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND  
ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS  
PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Honorable Mayor and Members of the City Council  
City of Hemphill, Texas

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Hemphill, Texas (City), as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated December 13, 2023.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Honorable Mayor and Members of the City Council  
City of Hemphill, Texas  
Page 2

**Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

**Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
